Verse 2:

Always near but never close
It was our sin that built a wall
But you came to tear it all down
With your love you conquered death
Faced my sins and forgave them
In your eyes I'm faultless now

Chorus

Bridge (x3):

And now it's face to face

Now it's heart to heart

Now it's you and me

And nothing in between

It is finished

It is finished
