Intro: (Tag)

Am G Dm C G
There's no way that I could live this life without you, life without you!

Chorus: (Repeat)

Am
Come away, come away with me
F
Come away, come away with me
C
I can hear your crying
G
Listen to my whispers

Verse 1:

Am
In the storm and in the rain
F
In the hurling hurricane
C
I will fix my eyes on you
G
Come away like you taught me to
Am
In the darkness, in the shade
F
In the hurt and in the pain
C
I will put my hope in you
G
Come away like you taught me to

Chorus: (Repeat)

Verse 2:

In the rivers and the streams
In the purest pastures green
I won't take my eyes off you
I will wait like you taught me to
On the mountains clear as day
When life seems to go my way
I'll still put my trust in you
