

Praxis In The Mirror

Matthew Lunders

Recorded Key - C

Intro:

Csus⁴ C

Verse 1:

Csus⁴ Gsus⁴

Looking in Your Word, like looking in a mirror

Csus⁴ Gsus⁴ Em

Let it show me who I am

Csus⁴ C/G

I'll be quick to listen and slow to speak

Csus⁴ C/G Em

But I won't only listen and be deceived

Chorus 1:

Am G

I don't want to forget the words that You said

C F

Put them in my head

Am G

But they're more than facts; they call me to act

C Dm⁷

To stop being passive

F2 G Csus⁴

Put Your words in practice

Verse 2:

What good is faith if it doesn't have deeds?

More than wishing well, but meeting needs

So I humble myself and draw close to You

But how I'm treating others is important, too

Chorus 2:

I don't want to forget the words that You said

Put them in my head

But they're more than facts; they call me to act

To stop being passive

To care for widows, those in shabby clothes

The poor and the orphan

To come and confess, keep my tongue in check

Not cursing, but blessing

Put Your words in practice
